Missing Work

Daily Device Use (Chromebooks)

Students should come to school with their Chromebooks charged and ready to use in each class every day. Devices may not be used to record or take photos of other people without their consent. Consequences for classroom disruptions and misuse of devices will follow a progressive discipline model, beginning with a phone call home and progressing to office referrals for repeated or more serious offenses. See the Student Rights and Responsibilities consequence chart in the handbook for more specific descriptions of infractions and consequences.

Recommended Supplies for this Course: Students do not need any specific supplies for this course except what will help them master the standards their way. Notes should be taken during lectures, students can choose to keep digital notes or paper notes however they would like to organize them. All other materials will be provided.

Al Statement

In the Deer Valley Unified School District, we are committed to providing our students with the best possible education while ensuring their safety, privacy, and well-being. As part of our ongoing efforts to enhance learning experiences, teachers may incorporate generative Artificial Intelligence (AI) in the classroom for students.

Students must adhere to the specific guidelines provided in the assignment details. If no guidance around the use of generative AI is provided, students should follow the

before submitting classwork if the student is unsure if the tool or website they are using is permitted on a specific assignment.
